Melesse et al. Heterogeneity in geographical trends of HIV epidemics among key populations in Pakistan: a mathematical modeling study of survey data

J Glob Health 2018;8:010412

## Supplementary Figure 1. Estimated incidence among FSWs by city

The results presented in this supplemental figure is the same as in Figure 5, except the incidence on the supplemental figure is presented on a different scale to better distinguish trends of HIV incidence among FSWs.
